1. Activity Report

An Activity Report must be submitted as an attached document for expenses related to script-related activities that may or may not be accompanied by accommodation, travel, and/or overhead expenses. This helps justify that such activities were in line with the development of the Project.

Each notable activity must be accompanied by an Activity Report, for example:

E.g. On Week 4, Writer A travelled to a province out of town to interview resource people on the topic of the project. It was a 2-day trip that involved driving to the location (gas expense), interviewing resource persons at a restaurant (meal), and providing them with a small honoraria (honoraria). Writer A also spent one night in a hotel at the location (accommodation). This entails one activity report.

On Week 5, Writer A subscribes to a zoom plan (communication subscription) for the month as he plans to interview the rest of the resource persons online. This entails one activity report.

On Week 6, Writer A registers to a paid online forum (registration fee) tackling the subject of the project. He attends several sessions and online networking events for those with paid online badges. This entails one activity report.

Please note that each activity is unique and upon the preference of the Grantee and must be properly justified through the Activity Report.

2. Service Contract and Certificate of Service Rendered

All fees, wages, or honoraria paid to Filipino individuals must be accompanied by a fully executed Service Contract, Certificate of Service Rendered, proof of payment (bank transfer/deposit slip or payslip) and valid government ID.

The corresponding Certificate of Service Rendered must be attached to the Service Contract once the worker/talent has satisfactorily completed his/her service engagement to the Grantee.

3. Expenses Report

The Expenses Report of the budget breakdown must be submitted with a completed and duly signed form together with the required supporting document(s) such as the Certified True Copies of the Official Receipts and Sales Invoices, Service Contracts, and summary of expenses.
